COWBRIDGE DELIGHTED WITH PLASTIC TIPPER BODY

Following on from a visit to the Eco Bodies stand at the RWM Exhibition in September 2010, Cowbridge Compost recently took delivery of the Eco Bodies Plastic Tipper Body.

BIFFA Takes Prototype GRUB-TUB

Eco Bodies has recently supplied a demountable recycling vehicle (Grub-Tub) to Biffa Waste, for the food waste sector. The vehicle is being used to collect food waste from pubs and restaurants, which is then transferred to Biffa's new anaerobic digestion plant in Cannock, West Midlands. The Grub Tub has a double binlift to the rear of the body, including an auto jet wash facility which means that every bin is cleaned automatically immediately after emptying.

Cowbridge Compost are based in South Glamorgan and Mike Hallett, Company Director says "the plastic body is ideal for collecting food from pubs, restaurants, cafes and shops in Cowbridge, Llantwit, Barry and Bridgend for recycling at their plant in Llwynhelig." Mike hopes to be ordering several more Eco Bodies as the demand for food collection gathers pace.

ECO SECURES BOTT ORDERS

Eco Bodies recently secured an order contract worth in excess of £200,000 from Bott Limited.

Bott Limited are based in Leicester and design and supply bespoke vehicle solutions to the private and public sector. Eco Bodies have been working closely with Bott to ensure that these bespoke designs are exactly what the customer requires.

GROUPS MAINTENANCE VEHICLE

Eco Bodies is pleased to announce the launch of a new type of 'Plastic Grounds Maintenance Vehicle'. It will be revealed at the CV Show, NEC, Birmingham on our stand 5B144

STAFF NEWS

Welcome Back Hayley

Eco Bodies would like to welcome back Hayley Pagett, Company Buyer. Hayley has just returned from maternity leave. Baby Jack was born in May 2010, a little ahead of schedule but as you can see, he is thriving.

Staff take light-weight bodies personally

Congratulations to our Works Manager, Gary Beard, who has lost over 4 stone since the start of the year.
